VIRTUAL SUPPORT WORKER

Services to be provided

- All administrative tasks required
- Social media support

Hourly Cost: £42 Inc VAT

How it works

You will benefit from 4 Virtual Support Workers, with a single Support Worker being assigned as your core agent and correspondent for all communications. Your time will be divided into 5 daily blocks, Monday-Friday. You are free to communicate any tasks to us at anytime in a way that will suit you, we will add these to your assigned Trello Board for you and complete all within you allotted time. We understand neurodiverse individuals work differently and we're happy to support in a way that suits you best. We want you to see us as your team and know we value your business as much as you do.
